

Important information about the Lighthouse Child Development Centre

Please see below an announcement on the
Lighthouse, from the NHS Clinical
Commissioning Group (CCG)

'A number of different local NHS organisations are working together on a plan for improving families' experiences of using the Lighthouse Centre.

These discussions are at a very early stage so we are not able to provide detailed answers to all the questions you will have.

Services will continue to be provided at the centre.

Working together with families and carers to provide the best care for our children and young people is our top priority, and we will be working closely with Southend Send Independent Forum and Essex Family Forum throughout.'

We will be keeping you up to date as the plan progresses, through our social media and website
